

## **Social Media Push for October 2024**

### **To All our members and supporters:**

Fund Britain's Waterways needs to build enthusiasm to get [the petition](#) signed and we want it to go viral again.

We are asking all FBW members and supporters to join us in posting the same message at the same time over a period of just over a week as MPs return to Parliament at the start of October. The message is simple: we have a new government, and we need to make sure they know we want them to protect our canals and rivers.

The campaign will run every day from Friday 4 October 2024, when MPs will be in their constituencies, through their first week back in Parliament until Sunday 13 October 2024.

We ask you to post from your organisation's and/or your own Twitter/X and Facebook accounts using text and photos provided by FBW, as close as possible to 12 noon on each day from Friday 4 October to Sunday 13 October inclusive.

You will find the [text and photos here](#).

Thank you in advance for your help.

Les Etheridge, Chair of Fund Britain's Waterways
